

DESIGN COMPETITION

A Car Powered by Rubber Bands? YOU can build it!

WHAT: Youth Design Competition (ages 10-18, everyone welcome)
Contest run by UW Madison Engineering Students
At the UW Human Powered Vehicle Competition

WHERE: Sauk Prairie Airport

WHEN: Saturday April 26, 10:00 AM - 3:00 PM

WHY: To build your own self propelled rubber band powered vehicle!

To watch Engineering Teams from all over the US and the world race their Human Powered Vehicles.

To have a great time, and see what engineering is all about!
